

COURSES OFFERED SY 2024 -2025

TEXAS SUCCESS ACADEMY

Offers an expansive selection of standards-based courses K-12. These courses are professionally filmed with some of the best equipment available in the cinematic industry. The combination of incredible footage, outstanding teachers, and content that makes learning relevant to the real-world makes TSA videos captivating and interesting – igniting the student's interest in learning.

TEXAS ESSENTIAL KNOWLEDGE AND SKILLS (TEKS)

The State Board of Education (SBOE) has legislative authority to adopt the TEKS for each subject of the required curriculum. SBOE members nominate educators, parents, business and industry representatives, and employers to serve on TEKS review committees.

The Texas Essential Knowledge and Skills Review by Subject area web page provides information regarding the SBOE's process and current and previous reviews.

TSA'S CURRICULUM ALIGNMENT

Vertical Alignment:

Teachers from the same school or district who teach the same subject in two or more successive grade levels.

Horizontal alignment:

The degree to which an assessment matches the corresponding content standards for a subject area at a particular grade level.

All courses offered at Texas Success Academy are both Horizontally and Vertically Aligned with Texas (TEKS) Standards
